Broaster® Cold Top Referigerator

Standard Features

- Simplify loading of your pressure fryer with this cold top unit. Simply take the chicken from the refrigerated area and place it into your pressure fryer.
- Refrigeration at its best designed for convenience and ease of use in your Broaster kitchen.
- Refrigerated top area—holds a 12" x 20" pan of coated chicken, ready for cooking.

- Additional storage—for up to three pans of coated chicken inside.
- Make practical use of your kitchen — with the 27-1/2" x 11-3/4" plastic cutting board mounted on top.

Dimensions

Ov	erall Dimensio	ons	Counter Height	Net/Ship Weight	Cubes
W	D	Н			
27.5" (698.5 mm)	30" (762 mm)	43" (1092.2 mm)	36" (914.4 mm)	176/225 lbs	25.16

Additional Features

- Forced-air refrigeration, purposely directed maximum airflow under pans, for colder pan temperatures and uniform air circulation throughout the cabinet
- Interior has white aluminum ceiling and sides, coved corners and a stainless steel floor, for easy cleaning
- Compact 6.5 cu. ft. refrigeration
- Door is hinged on the right
- Pan rack is easily removed for cleaning
- Special interior rack stores three additional 12" x 20" pans
- · Four swivel wheels, with the front two locking, for easier movability
