Broaster[®] Perfect Hold™ Deli Case

Standard Features

- *User-friendly design* – available in countertop and stand-alone versions.
- *Unique front glass design* – pivots down for easy cleaning.
- *Rollerless sliding glass doors* – easy to clean.
- *Mechanical timers* – track holding time for each row of pans.
- *Rheostats* – allow full range of light control for each zone.
- *Simplified controls* – offer uniform warming of foods.
- *Euro-look design* – provides excellent visual presentation and appeal.
- *Waterless system* – eliminates plumbing requirements and expense.
- *Recessed electrical upper controls* – reduce potential damage risks.
- *Single main power switch* – allows for easy start-up and shut-down.
- *Attractive Broaster color scheme* – reinforces brand image of quality with Broaster icons and Broaster[®] To Go logo (on complete deli cases).
- *Optional built-in backlit graphics* – standard Broaster[®] To Go graphics panel on complete deli cases can be backlit with optional 3-bulb fluorescent light unit.

Specifications

Model HDM-X deli case with single shelf display area is stainless steel and tempered glass construction. Includes bottom-hinged drop-down front access glass display panel for easy loading and cleaning. Upper housing is air-cooled and includes 3 lighted 12" x 26" display zones. Each zone has recessed rheostats for full-range adjustment of display lighting and 3 individual timers for zone display.

Rear access doors are of tempered glass and lightweight aluminum channel construction. There are rollerless upper and lower nylon guides for lift-out loading and cleaning.

A master power supply switch and zoned temperature control systems help maintain safe product temperature. Primary heat is provided below the food display by a recessed serpentine tubular metal sheathed element with dedicated thermostatic control. Lower heat system is water free with no plumbing required.

Additional specification for "Complete Deli Case":

Deli Case is fixed to free-standing metal module of equal width. It includes rear cutting board and front graphic insert.

Broaster® Perfect Hold™ Deli Case
